In 1996, writer Jeph Loeb and artist Tim Sale teamed up for *Batman: The Long Halloween*, an award-winning 13-chapter saga that spawned multiple sequels and stands as the most influential Batman story of its era. Now, Loeb returns to the world of *The Long Halloween* for its long-anticipated final act: *Batman: The Last Halloween*, an all-new 10-part mystery continuing the story from 2021's *The Long Halloween Special*. In each issue, Loeb will be joined by one of the top artists in comics, in a beautiful and lovingly crafted tribute to Sale's art and legacy.

In issue one, Gotham City learns to fear Halloween once more as a terrible event threatens to destroy Jim Gordon's life and puts Batman and Robin's teamwork to the test more than ever before. In a city of liars, masked vigilantes, and criminals...can anyone be trusted?

On Themyscira, she is known as Diana, but to the rest of the world, she is called Wonder Woman due to her strength, honor, and courage!

In her first DC Finest collection, we land in the beginning of acclaimed writer Gail Simone's (*Birds of Prey*) fan-favorite era that delved heavily into the history and mythology of the Amazons. These stories, including "The Circle," "Ends of the Earth," and "Rise of the Olympian," saw Diana facing classic foes like Captain Nazi, literary monsters such as Grendel, and, of course, her longtime nemesis Ares.

Each DC Finest volume is the perfect starting point to get acquainted with a character and jump into tales that have contributed to their rich histories! DC Finest: *Wonder Woman: Origins & Omens* collects these *Wonder Woman* issues from October 2007 to 2009: *Wonder Woman* (vol. 3) #14-35, *Outsiders: Five of a Kind - Wonder Woman/Grace* #1, and *The Brave and the Bold* #7.
