KATE PRYDE LEADS A TEAM OF ALL-NEW X-MEN!

After the fall of Krakoa, Kate Pryde is trying to get as far away from all things X as she possibly can. She's just a regular-degular bartender now. Definitely NOT getting ready to head up an ALL-NEW TEAM of wayward young mutants while avoiding the watchful gaze of Emma Frost. Nothing in this title but work, dating and staving off depression. That's it. No never-before-seen EXCEPTIONAL X-MEN to see here!

To Anole –

Last night, a mutant was killed in Greenpoint. His name was Shay, but he could have been any of us. I hope you'll come to the memorial. We have to show up for each other – or it's gonna be guys like the Truthseekers who decide what happens to mutants in New York City. I know it's different for you. How much you risk just leaving the house every day. And I know you hate all this super-hero stuff. But this is a fight worth fighting.
